

**MEDICAL FLIGHT TEST REPORT
(Performance-affecting medication)**

SECTION 1 AND 3 TO BE COMPLETED BY CANDIDATE

SECTION 4 TO BE COMPLETED BY EXAMINER (CHIEF FLYING INSTRUCTOR OR FLIGHT INSTRUCTOR EXAMINER)

1) Applicant's Personal Particulars:

Name (in full):

CAA Ref No:

Date of Birth:/...../.....

Current Address:

.....

.....

Telephone Number - Home:

Work:

Mobile:

2) Purpose of test:

Following assessment, the applicant has demonstrated satisfactory clinical recovery from their medical condition. The applicant is taking acceptable prescribed medication that has a low risk of side effects that might include effects on flying/operational performance.

The final stage of assessment before certificate issue is to demonstrate that there is no decrement in expected performance during a licence proficiency check or skills test.

The examiner should therefore confirm that there are no problems with relevant tasks such as communication (both in the cockpit and with ATC), concentration on task, memory recall for essential items, ability to react appropriately to emergencies, flight plan changes, good airmanship/behaviour and other general flying skills.

3) Declaration

I (the applicant) understand the purpose of the medical flight test (see Section 2)

Signature of applicant

Date/...../.....

CAA Ref No:

4) Medical Flight Test Report (To be completed by Examiner)

I (the examiner) have discussed the purpose of the medical flight test (see Section 2)

Aircraft/Simulator Type & Registration:

Modifications (if any):

Date & Place Of Test:/...../..... -

Please comment on the applicant's ability to operate safely.
(If there are any concerns about capability or fitness, these should be included)

Examiner's Name (Please Print)

Examiner's CAA Licence No:

Signed Date/...../.....

NOTE If the medical flight test is combined with a proficiency/skills test, the proficiency/skills test form should be sent to the Licensing Department, and this form to Medical Department (Class 1) or AME (Class 2/LAPL)
